

Mid-State Chapter
Of the
South Carolina Society of Professional Land Surveyors

Newsletter

Meeting Location: Roma's House of Pizza, 218 S Main St, Prosperity, SC 29127 (803) 364-2222

Data and Time: December 7, 2013 Meeting brought to order at 7:00pm

Members Present: C.A. Shealy, Jerry Todd, Ralph Vanadore, Brian Bonds, Bart Dominick, Michael Mills, Billy Martin

Guest Present: None

Presentation: The Chapter members present discussed the Qualifications Based Selection (QBS) being supported by the Engineering organizations.

Synopsis of meeting:

Points brought out included the fact that as good as QBS sounds, larger firms can support the overhead necessary to produce slick marketing packages. Even though price may not be included in the proposals, larger firms can afford people who are professional proposal preparers.

If QBS becomes required of even small Municipalities, then, the larger firms could feel they have a better chance at wowing the smaller entities and again tend to hinder the smaller firms.

The Mid-State Chapter seems to be unopposed to the QBS, but, not an enthusiastic supporter.

New Business: None

Adjourned: 8:00 pm

MEETING NOTICE

Mark your Calendars! January 7, 2013 is the next Meeting. Our scheduled presenter, Chris Lake, President of PALMETTO ENVIRONMENTAL CONSULTING, INC. will give a presentation titled "Survey and Mapping Requirements and Guidance on EPA and SCDHEC Wetlands Regulations".
