

Survey Crew Chief

Dennis Corporation has an opportunity for a Survey Crew Chief to join our team. We are a full service engineering, surveying, and construction management firm headquartered in Columbia, SC and we are expanding! In addition to very competitive salaries, we offer excellent benefits which include paid healthcare, vacation, 401k.

Under the direction of the Survey Manager, the Survey Crew Chief will:

- Act as party chief for a field survey crew engaged in making state plane and/or geodetic surveys for construction, topographic, right-of-way, and control survey projects.
- Participate in pre-survey planning meetings with project managers, resident engineers, and contractor representatives.
- Assign and monitor work in the field, and provides input for evaluation of members of field survey crew.
- Instruct and train survey crew in survey and mapping methods, use of equipment, and field safety procedures.
- Gather field survey data through use of conventional and Global Positioning System (GPS) methods
- Set up, adjust, and operate surveying equipment, including electronic total station, data collector, and GPS equipment, in order to measure distances, elevations, and angles.
- Prepare field notes and drawings
- Perform field surveying for roadway, and bridges - including installing surveying construction stakes, tying out existing intersection, and locating or establishing vertical and horizontal control, right of way, monuments, corners, boundaries, and property lines.
- Perform complex surveying calculations using engineering calculator, laptop computer, personal computer, and graphics and coordinate geometry software; provides survey information for Geographic Information System (GIS).
- Prepares finished grade sheets, topographic maps, records of survey, corner records, and other survey reports.
- Research existing record information, including record maps, plans, deeds, easements, and right-of-way documents.
- Maintains field data records, survey project files, and indexing systems.

Working at Dennis Corporation offers benefits such as:

- Survey Crew Chiefs are provided with a truck and outfitted with up-to-date survey equipment
- A laptop loaded with the latest technology and software
- Flexible Hours
- Opportunity for Overtime
- Working with Great People!
